FENWICK'S

- 1 B0108 Caravan Cleaner.** Easily cleans all exterior surfaces including acrylic windows. Removes black streaks, green algae and road grime. (Up to 40 washes from this 1 litre bottle). Ideal for use on G.R.P surfaces such as those found on our boxvan range.
- 2 B0110 Bobby Dazzler.** A unique protective coating applied during rinsing. No need to polish. Keeps vehicle cleaner for longer and makes cleaning next time easier. Contains algae inhibitor. (Up to 60 washes per bottle).
- 3 B0111 Overwintering.** Cost effective winter protection. Helps prevent green algae growth and water ingress. The vehicle stays cleaner and makes spring cleaning easier. When diluted this 1 litre bottle will protect 50 square metres.

1 KX8105 Ifor Williams Coupling Head Lock. The lock is designed to fit 50mm ball couplings fitted with the Avonride head – and will suit most braked trailers in the Ifor Williams range (the only exceptions are the CT115, CT136 and Eurolight trailers).

The coupling head security lock has been designed and manufactured to resist attack and uses toughened steel and high security barrel lock mechanisms. In rigorous security testing, the lock has been awarded 'Gold Standard' by 'Sold Secure' - a major UK test house.

The coupling head lock is plated all over and in addition the upper section is powder coated. The internal elements of the lock are made from non-rusting materials. A convenient weather-proof cover is also provided which covers the whole lock to give additional protection.

A spare barrel lock is supplied giving the option of replacing the lock on the coupling head of the trailer enabling the use of the same key to open both locks. (The coupling lock comes with a total of four keys)

1 Coupling head lock manufactured by Ifor Williams
